Minnesota Chapter Update

Patty Knight - Chapter President
Ray Gensinger - Chapter Vice-President

- n Year in Review
- n Chapter Election Results
- n Agenda for 2000-2001
- n HIMSS National Update

Ambulatory Patient Classification

Donn Duncan, M.D.

Dr. Duncan will explain the new Medicare Outpatient Payment Classification System. Implementation issues, program characteristics, coding, and editing will be covered. Implications and financial impact on specific Minnesota hospitals will be shared. The value of clinical data and future data systems will be discussed.

Dr. Duncan is active in health care policy formulation and implementation as a consultant to hospitals, states, and our National Government as well as several Asia-Pacific and European countries. He is an advisor to HCFA for the new ambulatory care classification system and has testified before Congress on the quality of health care.

He received his training at The Johns Hopkins Hospital, and holds Board Certification as a head and neck surgeon. Published topics include his medical specialty, case mix, quality assurance, and he is an inventor of medical products. Multiple hospital positions have included serving as Chief of Staff, and he currently serves on the Board of Directors of

the Computer-Based Patient Record Institute in Washington, D.C.

Dr. Duncan was Chairman of Health Systems International whose founders were instrumental in the creation and continual maintenance of the DRGs. He currently resides in Santa Fe, New Mexico.
